Welcome to Home Access Center (HAC), a student and parent portal. HAC is integrated with Lakota’s Student Information System and the teachers’ grade books. The data provided are the same the teachers, administrators and office staff use daily and reflect current school year information. The HAC website is provided for the use of active Lakota students and parents to assist in the communication of important educational information.

Not all grade levels are configured to see the same information. Kindergarten students will have much less information than high school students. Use this document to familiarize yourself with the HAC pages and features.
